Damaged Litter Bin outside Cliffe Village Institute

The following response received from North Yorkshire Council Business Support via **Councillor Arthur** was noted:-

"Apologies for the delay in responding to your email. As previously advised Selby District Council had a limited budget for litter/dog waste bins that we used to cover the cost of emptying the bins and purchasing replacement liners etc.

I have been asked to inform you that the provision of litter bins will be looked at as part of the harmonisation of services, but in the interim previous policies still apply.

As the current Selby policy is to charge Parish Council's for the provision of any new or replacement litter bins, the Parish would need to pay for a new bin. Alternately if you do not wish to pay for a new bin, the removal of the damaged bin can be arranged."

Councillor J Wallinger advised that North Yorkshire Council are considering a change of policy with regards to replacing damaged bins free of charge although no timescales have been given.

Cliffe Meadows Holiday Park

The **Chairman** gave an overview of the questions raised in his email to Sally Littlewood (Planning Enforcement Officer) 10/06 and her reply 11/06.

It was noted that unfortunately the response received is not satisfactory as it does not address any of the concerns raised and therefore, this will now be escalated to **Councillor Mark Crane** (North Yorkshire Council Executive Member for Planning).

Inconsiderate/dangerous parking on York Road at the junction with the A63 - Ongoing

It was noted that following concerns raised regarding parking on both sides of the road near Cherry Tree Stores, especially in regard to the speed with which vehicles are exiting the A63 from Selby and entering York Road around the bend, the **Chairman** has emailed Stacey Preece – North Yorkshire Council Highways Project Engineer to request consideration of double yellow lines on the West side of York Road therefore forcing all vehicles to park on one side of the road only; awaiting response.

The **clerk** read out a response received from Stacey Preece (North Yorkshire Council Highways Project Engineer) advising that a date has still not been confirmed as the machinery that installs the surface is currently doing the surface dressing programme across the county, it is expected to be the end of July/August when the weather is hopefully drier, and the surface will last longer.

Clerk to chase up individual responses to all other outstanding actions (speed bumps on York Road, red anti-skid lining and village entrance signs for South Duffield).

Replacing the Give Way sign with a Stop sign at Cliffe Common Crossroads due to a lack of visibility

The **clerk** advised that she had received a response from Stacey Preece (North Yorkshire Council Highways Project Engineer) advising that unfortunately a stop sign at the junction of York Road in Cliffe cannot be introduced due to the junction not meeting the criteria for a stop sign as the visibility must be below 30m.
